You are the first to ask. I think the emails have to be printed to be scanned into SDMS. Are you talking about docs responsive to the FOIA or the general doc management process?

No way to just forward relevant email electronically instead of printing..(I'm sure I am not first to ask) ?

All: Does anyone have documents related to the first bullet point on this request? If so, please let me know and provide copies to Audrey Asher. If I have missed someone who should receive this email, please let me know.

Thanks.
